

# Eastern University, Sri Lanka

## *Faculty of Science*

# Annual Research Session 2026

*Theme: Innovative Science for a Sustainable Future*

### CONFERENCE TRACKS

#### **(a) Physical and Chemical Sciences**

- Materials Science and Nanotechnology
- Renewable Energy and Environmental Chemistry
- Analytical and Computational Chemistry
- Physics of Advanced Materials and Instrumentation
- Atmospheric Science

#### **(b) Biological and Environmental Sciences**

- Biodiversity, Conservation, and Ecology
- Blue Carbon Ecosystems
- Microbiology, Biotechnology, and Molecular Biology
- Plant and Animal Sciences
- Climate, Environmental Monitoring and Pollution Control
- Sustainable Agriculture, Fisheries and Food Security

#### **(c) Mathematical and Computational Sciences**

- Mathematics and Statistics
- Data Science, Machine Learning, and Artificial Intelligence
- Modelling and Simulation in Natural Sciences
- Computational Biology and Bioinformatics

#### **(d) Interdisciplinary and Applied Research**

- Science Education and Pedagogy
- Sustainable Resource Management
- Health, Nutrition, and Biochemistry
- Green Technologies and Waste Management
- Science–Policy Interface and Community Applications
